TYLER KEPKAY
Brand Ambassador
FGA Athlete Trust Office

BY ATHLETES, FOR ATHLETES.

Tyler Kepkay, one of Hong Kong's most accomplished professional basketball players, serves as Brand Ambassador for our Athlete Trust Office. Bringing first-hand insight into the realities of an international sporting career, from peak-earning seasons and cross-border moves to post-retirement planning – ensuring our structures protecting your wealth are built with a real understanding of what it takes to compete at the top level.

“ **YOU STAY FOCUSED ON WINNING.
WE PROTECT WHAT YOU'VE EARNED.** ”

Planning Beyond the Peak: Trust Solutions for Professional Athletes

Short Career, Long Life Ahead

Peak salaries, bonuses, and prize money typically arrive within 5–15 years — but life after sport can stretch decades beyond.

Solution: A disciplined trust structure that locks in savings and investment strategies, turning seasonal income into stable, long-term cash flow.

Managing Cross-Border Income and Tax

Clubs, endorsements, and appearances often span multiple countries — with each move, transfer, or off-season programme creating new tax exposures.

Solution: Structure income and assets through Hong Kong trust and SPV arrangements, supporting compliant, efficient cross-border tax outcomes with professional oversight.

Protecting and Growing Your Personal Brand

Your name, image, and content are powerful commercial assets — yet often scattered across multiple contracts or platforms.

Solution: Establish a dedicated IP holding vehicle under a trust to centralise ownership, manage contract risk, and build lasting brand value.

Securing Your Family's Future

Athletes often support parents, spouses, children, and future generations — across borders and legal systems.

Solution: A tailored trust plan that defines beneficiaries, protects family harmony, and ensures smooth succession with privacy and control.

Access Lifestyle Benefits

We Take Care of Our Athletes.

Through the **FGA Trust** credit card and **FGA Prestige** lifestyle benefits, our athletes enjoy curated privileges that *complement* their professional careers and personal lives.

Including preferential treatment and upgrades at selected **five-star hotel partners**, such as enhanced room categories, late check-out, and property credits, as well as *exclusive access* to *premium recovery* and *wellness experiences* with our specialist partners.

Our aim is simple: while you focus on performance, we ensure your day-to-day lifestyle, travel, and recovery are looked after with the same level of care as your wealth.
